

3/25/22

An Architectural Review Committee meeting was held on 3/25 with Matt Hollister and Carol Spera in attendance, the following items were discussed.

Ballroom Lighting

- Replacing the existing can light bulbs with LED bulbs will be presented to the BOD for approval.
- Replacing the existing fluorescent lighting and plastic lenses with can lights and drywall or paneling will be presented to the BOD for approval. Look to be like that in the Card Room.
- Replacing the existing wall accent lighting with new "sconce" style lighting will be presented to the BOD for approval.

Ballroom Ceiling Repair / Painting

- Painting all ceiling surfaces to match the existing "white" ceiling color will be presented to the BOD for approval.

Ballroom Wall Treatments

- Removing all existing wall treatments will be presented to the BOD for approval.
- Installing new baseboard and chair rail around perimeter of room will be presented to the BOD for approval. Look to be like that in the Card Room.
- Installing new wall covering will be presented to the BOD for approval. Samples will be available at the next meeting.

Wayfinding Signs

- The design of the wayfinding signs was finalized. Pricing will be obtained from several sign companies and the signs will be presented to the BOD for approval.

Main Entrance Sign

- The conceptual design was tweaked and will be sent out to several sign companies for evaluation and quoting. Once we receive something back from the sign companies, we will revisit prior to presenting to the BOD for approval.
